Description

Orange Public Management srl (OPM) is a dynamic and creative company, strongly rooted in the territory of Puglia region, that works in the field of structural funds, with a high specialization in the design and management of development projects co-financed by regional, national or European funds. OPM was founded in 2012 by the union of professionals with a lot of experience in the design and management of development projects, with the aim to help public and private entities in taking advantage of public funding at regional, national and European level, by supporting them in all stages from the preparation of a grant application to the operational planning and management of the project. Skills, professionalism and experience "gained in the fieldwork" in support of the Public Administration and other entities towards the promotion and development of the territory, allow us to offer expanded and targeted services according to the type of customer (Public Administration, Companies, Non-profit), the policy areas involved (tourism, culture, economy, social), the financial resources (regional, national, European) to which we want to access.
